

With an enhanced real-wood look and strength backed by Alloy Armour Technology®, AZEK's capped polymer decking is best in quality and designed to endure. With AZEK®, you'll get award-winning, sophisticated colour palettes, a product that won't need staining or sealing for protection and will not splinter, rot, crack or warp. Plus we back our quality decking with an industry-leading 30-year limited fade and stain warranty and a limited lifetime warranty.

Vintage Collection®

Bring your outdoor living space to life with our most dramatic, variegated line. This sophisticated collection features the most natural looking colours with a subtle, low-gloss, wire-brushed visual appearance. The Vintage Collection meets criteria for Class A on the flame spread index.

V **NEW COASTLINE®**
 V **NEW ENGLISH WALNUT™**
 V **NEW WEATHERED TEAK™**
 V **MAHOGANY**
 V **DARK HICKORY**
 V **CYPRESS®**

Arbor Collection®

This popular collection includes warm, vibrant tones resembling rich woods from both near and far. These colours are moderately variegated and have slightly more pronounced grain patterns, similar to characteristics found in nature.

V **BRAZILIAN WALNUT**
 V **MOUNTAIN REDWOOD®**
 V **MORADO®**
 V **ACACIA®**
 V **SILVER OAK®**
 V **HAZELWOOD®**

Harvest Collection®

These classic colours offer a pleasing palette of soft shades to complement most popular home exteriors. Our least variegated line, the Harvest Collection has a traditional wood grain texture, with tried-and-true tones that blend well with a variety of architectural styles.

V **AUTUMN CHESTNUT®**
 V **ISLAND OAK™**
 S **BROWNSTONE**
 S **SLATE GRAY**
 S **KONA®**

Although AZEK® Building Products decking is cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking colour, the hotter it will feel. For hotter climates, consider choosing a lighter colour. While the product is designed to resist fading, no material is fade proof when subjected to years of exposure to ultraviolet (UV) rays and the elements.

Board-to Board Color Variation

At AZEK® Building Products we go to extensive lengths to make our products reflect all of the beauty and nuance of nature. Our collections include solid board colours while others bear subtle to more pronounced highlights to closely resemble the characteristics of real wood. This intended effect is known as colour variegation. To achieve this, we use various pigments and stains to replicate the features found in traditional lumber. Some of our collections also have cascading colours, which add a gradual, gradient appearance throughout the length of the board. The degrees of cascading and variegation will vary from board-to-board.

Visit AZEK.com or TimberTech.com.au to learn more.

Made from up to 73% recycled materials, including a composite of plastic and wood fibers, TimberTech® is the sustainable choice and eliminates annual sealing and staining for protection. Plus, TimberTech's capped wood composite is coated on all four sides, providing long-lasting durability. It is also resistant to mold, mildew and moisture damage. Backed with our 30-year limited fade & stain warranty as well as our 30-year limited warranty.

V C NEW SAPELE™ V C NEW ESPRESSO V C NEW WHITEWASH CEDAR™ V C TIGERWOOD V C ASHWOOD

V C PECAN V C MOCHA

Legacy Collection

Designed to reflect the true tones of natural wood, this is our most uniquely variegated line which includes cascading colours. The artisanal, hand-scraped texture has a refined appearance matched with the most advanced design technology available.

V ANTIGUA GOLD® V ANTIQUE PALM® V CARIBBEAN REDWOOD® V AMAZON MIST®

Tropical Collection

Bring a beachside paradise to your backyard with unique, sun-soaked tones. These authentic, natural colours are moderately variegated and feature a more pronounced grain texture.

V RUSTIC ELM® V SANDY BIRCH V STONE ASH® V SILVER MAPLE V BROWN OAK

Terrain Collection™

Classic, earthy and adaptable tones that blend well with a variety of architectural styles and existing home decors. This collection is perfect for those who prefer a more traditional look. With a highly textured grain pattern, these tones have slightly variegated nuances or, in the case of our solid colours, none at all.

The product applications depicted in this brochure are for display purposes only and not for the purpose of validating the suitability, warrantability or safety of any particular installation or application of the product. Always consult the AZEK or TimberTech installation instructions as well as local building codes to ensure proper installation. AZEK® Building Products are designed to resist fading. Depending on environmental conditions, colours may change over time, consistent with the warranty guarantees where applicable.

Please use the key below to understand the color styles:

S Solid Colour
A single colour without discrete markings

V Variegated Colour
Discrete markings of different colours

V C Variegated with Cascading Colour
Discrete markings of different colours and seamless gradual colour blend
